

Construction:

The legs are constructed of 19-gauge, heavy duty steel that is welded to the 12" square steel seat making it extremely durable. The 0.5" diameter footrest ring is welded to the legs (only available on fixed heights of 24" & 30"). Smooth silver finish with non-marring feet.

When not in use, HangOut Stools can be stored underneath workstation tops, via magnets. Originally designed for the Mini Nucleus and Nucleus workstations, these stools can pair with multiple workstations from WB Manufacturing.

Workstation & EPIC Table Pairing Options:

- Nucleus Workstation
- Urban Edge XL Workstation
- Susie XL Workstation
- Square Cube XL Workstation
- Reflection Workstation
- Quad XL Workstation
- EPIC Tables
- Media Center Workstation Kit #2

Weight capacity of 330lbs.
